Heating, Piping & Air Conditioning

Published monthly by the Keeney Publishing Company, 6 N. Michigan Ave., Chicago 2, Ill.

1960 Volume Index

January-December 1960—Volume 32, Nos. 1-12

This index does not include Equipment Developments; Recent Trade Literature; Meetings & Conventions; Who's What — departments appearing regularly in each issue. The You'll Want to Know pages in each issue include items of news, comments on current events, etc. In the January issue a complete directory section was published covering heating, piping, and air conditioning equipment for industry and large buildings.

A

AEC Committee Names Silverman ..... February 45
ARI Establishes Unitary Air Conditioner Test Pattern ..... February 42
ARI Issues 1960 Directory ..... February 44
ARI Standard Available for Liquid Chilling Packages ..... January 68
ASA Approves Standards on Flanges and Fittings ..... October 43
ASA Asks Industrial Gas Installation Standards ..... April 46
ASHRAE Elects New Officers at Dallas Meeting ..... March 40
ASHRAE Life Members Honor Professor O'Bannon ..... March 40
ASHRAE Meeting and 2nd Southwest Exposition Open 1960 Heating and Air Conditioning Season ..... January 215
ASHRAE To Develop New Psychrometric Chart ..... March 37
ASM Building Heated With Three Different Methods ..... March 105
Absorption System Air Conditions New Bank ..... April 48
Acid Plant Served by Stainless Steel Piping ..... January 68
Addresses for Engineering Societies, Associations ..... May 135
Aero-Space Industry Opens New Horizons for Air Conditioning Design ..... August 128; September 134
Agreements Must Not Always Be in Writing Under Statute of Frauds ..... September 140
Airborne Particles Eliminated by Portable Clean-Room for Critical Tube Bundle Welding Operators ..... October 44
Air Cleaner Than Arctic Because of Nuclei Dectector ..... October 40
Air Condition Commuter Cars ..... June 51
Air Condition Dallas Furnishings Mart with Packaged Units ..... July 134
Air Condition Flying Saucer ..... October 41
Air Condition Government Printing Office Year 'Round with New and Existing Equipment ..... August 110
Air Condition Movable Dome Stadium ..... March 38
Air Condition New Navy Guided Missile School ..... February 111
Air Condition 64-Year-Old Office Building with Two Separate Systems ..... March 122
Air Condition 30-Year Old Post Office ..... August 46
Air Condition Underground Fire Alarm Center ..... August 45
Air Conditioned Equipment to Track Astronauts in Orbit ..... September 40
Air Conditioned School Offers Better Building for Less Money ..... February 41
Air Conditioned School ..... August 41
Air Conditioner, Unitary, Test Pattern Established by ARI ..... February 42
Air Conditioning Aids Behavior Studies ..... September 41
Air Conditioning Aids in Cancer Research ..... January 65
Air Conditioning and Pressurization for Modern Commercial Aircraft ..... December 129
Air Conditioning Association Presents Donation to College ..... February 43
Air Conditioning Design Horizons Opened by Aero-Space Industry ..... August 128; September 134
Air Conditioning Design, Shipboard, Is Based on Unusual Considerations ..... January 149; May 89
Air Conditioning Energy Requirements for Big Buildings, How to Estimate .... January 157
Air Conditioning Equipment Tested in New Sound Lab ..... August 46
Air Conditioning Field to Have Introduction to Students ..... September 42
Air Conditioning For New High School Is Flexible ..December 43
Air Conditioning for Schools Studied in Florida County ..... July 40
Air Conditioning for Two New Skyscrapers ..... July 138
Air Conditioning, Industrial, Can Pay Production Dividends ..... September 234
Air Conditioning is Contributing to U. S. Space Research Program ..... July 140
Air Conditioning Large Buildings Requires Good Water Treatment ..... November 151
Air Conditioning Needs of a Growing Business Met by Early Planning and Easy Expansion ..... December 126
Air Conditioning on Shipboard Compared to Land Installations ..... March 134; April 105
Air Conditioning, Packaged, used by Air Force in ICBM Bases ..... February 43
Air Conditioning Pays for Itself ..... November 43
Air Conditioning Permits Production of Ultra-Precision Bearings ..... January 194
Air Conditioning Serves New Nuclear Center ..... February 118
Air Conditioning, Solar, Tests Prove Feasibility of ..... November 120
Air conditioning System Biggest Slated for New York's Chase Manhattan Bank Building ..... December 39
Air Conditioning System for Multi-Building Combines Old and New ..... October 109
Air Conditioning System in New Engineering Center Controlled by Automated Master Panel ..... January 70
Air Conditioning System To Serve Bank ..... February 43
Air Conditioning Systems Keep Photo Supplies Fresh ..March 97
Air Conditioning a TV Studio ..... October 41

Air Conditioning Vital to Atomic Sub Cruising ..... August 109
Air Conditions Supermarket by Gas ..... January 66
Air Cooled Condenser Applications No Longer Limited to Small Sizes ..... March 117
Air Cooled Self-Contained Units Simplify Office Building's Modernization ..... February 126
Aircraft, Air Conditioning and Pressurization for Modern Commercial ..... December 129
Air Curtain Entrance, Wind Tunnel Tests Help Design ..... December 119
Air Distribution, Makeup, Control Stressed at Industrial Ventilation Conference .... April 43
Air Duct, Man-Sized, Installed in New Exposition Center ..... September 40
Air Filter Institute Adopts Dust Spot Test Code .. September 39
Air Filter Standard Set by Underwriters Lab ..... April 48
Air Filtration Required in Electronic Tube Plant ... January 66
Air Flow Control, How to Select Multiple-Leaf Dampers For Proper ..... April 167; June 108
Air Flow Rates, Fan, How to Determine ..... April 157
Air Flow Rates for Industrial Solvent Dilution, How to Find Proper ..... December 133
Air Flow Rates from Exhaust Hoods May Be Found by Nomograph ..... June 161
Air Flow Through Half-Cylinder Exhaust Hoods, How to Determine ..... July 123
Air Flow Through Quarter-Cylinder Exhaust Hoods, How to Determine ..... August 123
Air Force Engineers Hear Ways to Improve Heating System Operation and Maintenance .... September 141; November 99
Air Force to Study Electronics Cooling ..... July 42
Air Force Uses Packaged Air Conditioning In ICBM Bases ..... February 43
Air Handling System Design, Don't Forget Velocity Pressures ..... August 122
Air Piping System Prevents Ice Damage ..... April 46
Air Pollution Control, History Given in 10 Year Progress Report ..... November 44
Air Pollution Control Methods Used in Cincinnati Cited May 40
Air Pollution Controlled in Chicago by New Law ... March 39
Air Pollution Manual Published ..... August 46
Air Pollution Traced by Radioactive Gas ..... September 41
Air, Reheating, We Must Provide Controlled Means of January 199
Air-Starved Plants Can Breathe Easy Through Proper Makeup Ventilation February 84; May 90
Air Supply, Makeup, How to Apply Direct Fired Heaters for Winter ..... April 163
Air System, Plant's Revamped Supply, Gives Workers Year 'Round Comfort ..... January 107; February 83, 84; April 105
Alignment Chart Estimates Density, Velocity Head, Velocity ..... September 123
Antennas, Cross-Country, Defrosted by Automatic Unit Heaters ..... April 47
Apartment Building, 40-Story, Heated by Vertically Zoned Hot Water System ..... April 128
Apartment Building's Negative Pressure Gulps Smoke from Incinerator Doors ..... June 147; October 94
Apartment's Cooling Riddle Answered by Individual Condensing Units ..... June 140
Argon-Pressurized Pure Atmosphere Features in New Metal Working Plant ..... May 114
Artificial Weather Maintained by Brine System in Auto Fuel Lab ... August 135; September 83
Ash Removal System in Institution Eliminates Time-Consuming Operations .... November 43
Astronauts to be Tracked in Orbit by Air Conditioning Equipment ..... September 40
Atom Sub Cooled with Steam ..... November 41
Atomic Heat Exchangers Use 19 Miles of Tubing ..... May 40
Atomic Sub Needs Air Conditioning ..... August 109
Automated Master Panel Controls Air Conditioning System in New Engineering Center ..... January 70
Automatic Unit Heaters Defrost Giant Cross-Country Relay Antennas ..... April 47

B

Bank Air Conditioned by Gas Absorption System ..... April 48
Bank in New York to Have Biggest Air Conditioning System ..... December 39
Bank Provides Customer Comfort ..... January 66
Bank to be Served by Large Air Conditioning System ..... February 43
"Base Bid with Alternate" Spec Yields High Quality, Low Cost ..... November 42
Behavior Studies Aided by Air Conditioning .... September 41
Bidder, Low, Should Get the Job? ..... April 124; June 107
Bidding Plan Devised by Mechanical Specialty Contractors ..... November 129
Boiler Feed Pumps, How to Select ..... June 148
Boiler Groups Effect Merger ..... April 47
Boilers' Internal Metal Surfaces, How Can We Protect? ..... October 104; November 104; December 96, 98
Brine System Maintains Artificial Weather in Auto Fuel Lab .. August 135; September 83
Bronze Alloys for Process Piping, How to Match Centrifugal Pump Needs November 145
Building Design Trend Paves Way For Integrated Lighting, Cooling ..... October 113
Built-in Packaged Units Solve Cooling Problems Posed by Unusual Architecture of College Campus ..... June 154
Built-Up System Serves Exacting Temperature, Humidity Demands ..... April 107; July 82

C

C.E.C. Insignia Gains in National Popularity .. December 42
C.E.C. Releases Information Brochure ..... May 40
Cancer Research Aided by Air Conditioning ..... January 65
Canned Motor Pumps Serve Plant ..... January 70
Centrifugal Compressor, Oldest, Retired ..... December 44
Centrifugal Fans and Pumps, How to Correct Standard Condition Rating for October 143
Centrifugal Pump Needs and Bronze Alloys for Process Piping, How to Match ..... November 145
Central Plant Heating Be Controlled for Multi-Building Heating Installation? — Local Circulating Pumps Are Best; But Can Be Eliminated for Economy ..... April 110, 112
Central Station Systems Reach New High in 1959 ..... May 40
Chicago Mechanical Contractors Headed by J. H. McCauley, Jr. ..... August 44
Cincinnati Air Pollution Control Cited ..... May 40
Clarage Fan Head Now Robert A. Wasson ..... February 46
Classroom Unit Ventilators Now May Be Controlled by "Ratio Control" Systems .... June 155
Clean-Room, Portable, Eliminates Airborne Particles for Critical Tube Bundle Welding

Operations ..... October 44
Clearly Define All Words and Phrases When Drawing Up Contract Agreements ... June 160
Climate in New Building Regulated by Pushbuttons . August 127
Coal: What Every Engineer Should Know July 111; August 132
Code for Pressure Piping, Sectional Committee Interprets ... February 122; March 130; April 159; July 140; December 141
Coils, Dehumidifying, Cooling, for Chilled Water and Direct Expansion Systems, New Design Tool Permits Quick, Accurate Selection of ..... January 185; August 96
College Campus Cooling Problems Solved by Packaged Units ..... June 154
College Receives Donation from Air Conditioning Association ..... February 43
Comfort, Customer, Provided in Bank ..... January 66
Comfort Heating, Infrared, What Do We Know About? ..... November 133
Comfort of Hotel Guests Choose by Three-Pipe System .. April 117
Commerce Department Eliminates Product Identification in Standards ..... October 43
Commercial-Industrial Oil Burner Sales on Increase ..... December 40
Commuter Cars To Be Air Conditioned ..... June 51
Compressor Body Shipments Increase in First Half 1959 ..... January 66
Computer Cooling Wrongs Righted by Return Air Reheat System ..... October 133
Computer Program For Calculating Pipe Stresses ..... March 125; June 110, 112
Computer Program KO's Piping Stress Problems ..... January 150
Computer Solution of Piping Design Stress Problems, New Formulas Aid ..... January 196
Concentric Pipes Solve Pipe Stress Problem .... February 45
Condensation Problem in Rubber Processing Plant Solved by Insulation ..... February 45
Condenser, Air Cooled, Applications No Longer Limited to Small Sizes ..... March 117
Condensing Units Answer Co-op Apartment's Cooling Riddle ..... June 140
Construction Contracts Reach Year's Highest Level in July ..... October 43
Consulting Engineering Institute Presented at University of Wisconsin ..... May 41
Consulting Engineer's Case Histories ..... June 139; July 125; October 124
Consulting Engineers Name New President ..... April 47
Consulting Engineers Report Their Specification Practices ..... August 107
Consulting Engineers' Responsibilities and Fees, Engineering Contractor's View of ..... January 147; February 85
Consumable Insert Ring Extends Use of Inert-Gas Tungsten-Arc Pipe Welding ..... February 85
Contract Agreements Should be Drawn Up With Clearly Defined Words and Phrases ... June 160
Contract as They See Fit, on Equal Footing, Parties May ..... April 166
Contract Limits Enforced by Court Injunction ..... July 137
Contract Wording Should Agree with Intent ..... January 182
Contractor Invents Special Rigs to Make 5 ft Diameter Air Ducts 28 Stories High ... June 54
Contractor May be Liable for Fitness of Equipment Without Express Warranty ... October 145
Contractors Adopt "Rules of Practice" for Plan Check .... November 41
Contractors Devise New Bidding Plan ..... November 129
Contractor's Duty to Advise Owner of Problems Leading to Poor Operation ..... March 133
Contractor's View of Consulting Engineers' Responsibilities and Fees ..... January 147; February 85
Control Central Plant Heating For Multi-Building Heating Installation? ..... April 110, 112
Control, Comfort, Provided by Three-Pipe System for Tenants in Medical-Dental Building ..... October 125
Control Demands of Tenants Met By Separate Systems ... September 107
Control of Hot Water Heating Systems May Be Achieved by Direct Throttling ..... May 132; October 95
Control of Makeup Air, Distribution Stressed at Industrial Ventilation Conference . April 43
Control of School Heating Job Shows Vacuum Steam + Outdoor Reset to Simple, Reliable ..... July 97; September 85
Control of Sun Essential to Cooling in India ..... April 156
Control Performance, Outdoor Reset, Nomograph Gives Quick Graphical Solution for ..... March 131
Control Valve Problems to be Subject of Instrument Society Papers ..... May 38
Controlling High Temperature Hot Water End Use Heat Exchanger ..... June 167; July 81
Controlling Means of Reheating Air ..... January 199
Controls, Electronic, What Every Engineer Should Know About and How They Work ..... December 135
Controls, Thermostatic Water, Cuts Intestine Washing Damage ..... February 125
Convention Hall Requires 4000 Fittings ..... December 44
Cool Atom Sub With Steam ... November 41
Cool Garment Plant by Four Packaged Units ..... April 146
Cool, Heat Office Building with Self-Contained Units ..... September 116
Cool Water Provided for Industrial Uses by Underground Reservoirs ..... October 135
Cooled Cars Up Traffic on "Hudson Tubes" Railway .... February 45
Cooling Air and Liquid, How to Design Flooded Evaporators for ..... December 143
Cooling Capacity of New Grand Central City to be 10,000 Tons ..... May 38
Cooling, Electronics, to be Studied by Air Force .... July 42
Cooling, Equipment, U. S., Seen 'Round the World ... October 44
Cooling, Evaporative, When and How to Use It ..... March 141; April 105; June 103
Cooling, Heating Plush Apartment Is Achieved Through Flexibility of Fan-Coil Units ..... May 90, 91
Cooling in India Depends upon Control of Sun ..... April 156
Cooling, Lighting, Integrated Shown to Be Trend in Building Design ..... October 113
Cooling Problems Posed by Unusual Architecture of College Campus Solved by Packaged Units ..... June 154
Cooling Riddle of Co-op Apartment Answered by Individual Condensing Units ..... June 140
Cooling System Serves Rewind Brake ..... November 119
Cooling System, 2500 Ton, Keeps Vital Defense Efforts Moving ..... November 39
Cooling Tower Must Have Air ..... October 124
Cooling Tower Packings, Tests Compare Heat Transfer of Five ..... April 143
Copper and Copper Alloy Piping Corrosion Affected by

Velocity, Temperature of Potable Water in Heating System ..... March 109; April 131; May 105; July 115; September 125
Copper Prefab Radiant Panels Heat Cincinnati Child Care Center ..... December 41
Corrosion Controlled by Filming Amine Inhibitors, Improve Heat Transfer in Steam Heating Systems ..... March 97
Corrosion of Copper and Copper Alloys Affected by Velocity, Temperature of Potable Water in Heating Systems ..... March 109; April 131; May 105; July 115; September 125
Corrosion Problem Solved by Plastic Dryer ..... April 46
Court Issues Injunction Enforcing Valid Limits of Employment Contract ..... July 137
Crane Co. Purchase Swartwout Co. ..... February 46
Crane Co. Purchases National-U.S. Radiator Corp. .. January 69
Cryogenic Piping System Design and Installation Considerations .. February 129; May 141

D

Dampers, Multiple-Leaf, How to Select For Proper Air Flow Control ..... April 167; June 108
Deaerator Storage Capacity, Suction Piping, How to Design, to Protect Boiler Feed Pumps ..... February 104
Defense Efforts Keep Moving Because of 2500 Ton Cooling System ..... November 39
Dehumidifying Cooling Coils for Chilled Water and Direct Expansion Systems, New Design Tool Permits Quick, Accurate Selection of ..... January 185; August 96
Density, Velocity Head, Velocity Estimated by New Alignment Chart ..... September 123
Direct Fired Heater Installations, How to Design Fuel Oil Piping Systems for ..... July 130
Direct Fired Heater Installations, How to Design Gas Piping Systems for ..... August 138
Direct Fired Heaters for Winter Makeup Air Supply, How to Apply ..... April 163
Direct Fired Heaters, How to Apply ..... March 138
Direct Throttling Is Good Hot Water Pressure Control ..... May 132; October 95
Doorless Doors Installed in Chicago's Loop ..... September 42
Duct Design Guide is SMACNA's Suggested Specification ..... February 108
Duct System, Plastic, Solves Corrosive Hood Problem ..... March 39
Ducts, Air Conditioning, Insulate with Notched Sheets .. .. March 128
Ducts, Air, 5 ft Diameter, 28 Stories High, Made by Special Rigs Invented by Contractor for the Job ..... June 54
Ducts, High Velocity, What's Best Way to Join? ..... January 154; February 88, 92
Ducts, Stainless Steel, Piping, for New Plutonium Fabrication Facility ..... January 149
Dust Collector System Eliminates Both Dust and Paper Bag Problems ..... October 43
Dust Spot Test Code Adopted by Air Filter Institute ..... September 39

E

Early Planning = Easy Expansion to Meet the Air Conditioning Needs of a Growing Business ..... December 126
Electric Heating Coils Combined With Gas-Fired Warm Air Perimeter System in School ..... August 118
Electronic Controls and How They Work, What Every Engineer Should Know About .. .. December 125
Electronic Tube Plant Requires Air Filtration ..... January 66
Electronics Cooling to be Studied by Air Force ..... July 42
Energy Requirements for Big Building Air Conditioning, How to Estimate .... January 157
Engine Testing Plant Ventilated by Spot Cooling System .... July 127; September 84, 85
Engineering Center Air Conditioning System Controlled by Automated Master Panel .... January 70
Engineering Progress and Customs on the European Side, Keep Up With .... November 142
Engineering Societies, Associations, Directory of Addresses for ..... May 135
Environment, Industrial, Studies Available ..... February 44
Environmental Chamber Used to Test Thor IRBM ..... June 123
Environmental Research Lab Dedicated at Purdue University ..... August 43
Equipment Must Be Reachable By Reasonable Stairway or Ladder ..... September 139
European Engineering Progress and Customs Should Be Kept up With ..... November 142
Evaporative Cooler Cures Low-Level Forge Heat Problem .. .. April 45
Evaporative Cooling When and How to Use It .... March 141; April 105; June 108
Evaporators, Flooded, for Cooling Air and Liquid, How to Design and Operate .... December 143
Exhaust Hood Air Flow Rates Nomograph Is Shortcut to Finding ..... June 161
Exhaust Hoods, How to Determine Air Flow Through Half-Cylinder ..... July 123
Exhaust Hoods, How to Determine Air Flow Through Quarter-Cylinder ..... August 123
Exhaust Stack, Plastic, Tallest, Installed ..... September 39
Exhaust Systems, Industrial, Need Makeup Air Supply ..... October 146
Exposition, 2nd Southwest, and ASHRAE Meeting Open 1960 Heating and Air Conditioning Season ..... January 215

F

Factory Served by Packaged Units for Ohio Pill .... September 44
Fan Air Flow Rates, How to Determine ..... April 157
Fan-Coil Units' Flexibility Is Key to Heating, Cooling Plush Apartment ..... May 90, 91
Fan Performance Dimensional Analysis Leads to New Rating Method ..... January 212
Fans and Pumps, Centrifugal, How to Correct Standard Condition Ratings for .... October 143
Filming Amine Inhibitors Control Corrosion, Improve Heat Transfer in Steam Heating Systems ..... March 97
Filter Wall System Boosts Spray Painting Production .. January 211
Finny Troubles to Prove a Point ..... September 103
Fins, Too Many, Can Bottle-Neck Heat Transfer .... February 103; July 84
Fittings and Flanges Standards, ASA Approves ..... October 43
Fittings and Flanges, Welding, Markings are Important .. July 102
Fittings, 4000, Required in New Convention Hall. .. December 44
Flanges and Fittings Standards, ASA Approves ..... October 43
Flexible Connectors Cut Installation Costs of Tall Building Heating .... March 118; June 107
Flexible Rubber Pipe Used in Waste Disposal .... February 46

Flooded Evaporators for Cooling Air and Liquid, How to Design and Operate ..... December 143
Florida County Conducts School Air Conditioning Experiment ..... July 40
Flow in Piping, Measurement by Orifices ..... April 150; July 84
Flying Saucer Air Conditioned ..... October 41
Fraud Statutes Does Not Require All Agreements to Be in Writing ..... September 140
Freezing, Heating, Snow Melting, Accomplished with Pipe Grids ..... September 43
Fuel Oil Combustion Will Be Efficient if Proper Fuel Preparation is Followed ..... June 142; October 96
Fuel Oil Piping Systems for Direct Fired Heater Installations, How to Design ... July 130
Fuel Preparation Is the Key to Efficient Fuel Oil Combustion ..... June 142; October 96
Fuels for Industrial Heating Systems ..... February 114
Fume Scrubber to Clean Gases at Rate of 42,000 cfm ... May 41
Furnishings Mart Air Conditioned with Packaged Units ..... July 134

G

Gas Absorption System Air Conditions New Bank .. April 48
Gas Air Conditions Supermarket ..... January 66
Gas Installation Standards Asked by ASA ..... April 46
Gas Pipe-Appliance Standard Approved ..... June 54
Gas Pipeline Construction Doubles Pace ..... October 44
Gas Piping Systems for Direct Fired Heater Installations, How to Design ..... August 138
Gas Shielded Welding Saves Time, Money in Joining Pipe ..... June 136
Gas Water Heaters Standard Approved ..... June 51
Gases Cleaned at Rate of 42,000 cfm in Big Fume Scrubber ..... May 41
Geophysical Year To Be Subject of Lectures ..... January 68
Good Piping Practice Pays Off, in the Lumber and Plywood Industry ..... October 118
Grand Central City to Have 10,000 Ton Cooling Capacity ..... May 38
Gravity Roof Vents, How to Size ..... February 123
Greenhouse Heating by Warm Air Duct Radiant System Successful ..... December 42

H

HTHW System's Operating Problems Uncover Valuable Design Rules ..... August 105
Hanger Door Heater Speeds Executive Flights ..November 40
Heat, Cool Office Building with Self-Contained Units ..... September 116
Heat Exchangers, Atomic, Use 19 Miles of Tubing ..... May 40
Heat for Dry Kilns, How Much? ..... July 94
Heat Measurement Term, Square Foot, Should Have Been Outlawed Long Ago ..... May 113
Heat New High School Six Ways in Six Zones .... May 37
Heat New, Unusual ASM Building With Three Different Methods ..... March 105
Heat Outdoor Air for Nickel Mine by Heat Recovery Exchange System ..... May 91
Heat Problem at Low Level Forge Cured by Evaporative Cooler ..... April 45
Heat Pump Installation Warms Spectators, Melts Snow at 1960 Olympic Games ..... February 99; March 95
Heat Pump Reclaim System Proves New Design Approach ..... September 93
Heat Pump Serves Sidewalk Snow Removal System ..... February 44
Heat Pump, Will Tomorrow's Heat Source Be Solar Energy? ..... May 117; August 91
Heat Pumps Have a Bright Future ....July 108; September 84
Heat Recovery Exchange System Used to Heat Outdoor Air for Nickel Mine .... May 91
Heat Recovery System Keeps Arctic Outpost Warm .. June 114
Heat Relief in Buildings with Large Roof Areas with Roof Spraying Systems ..... January 200; February 84
Heat School with Electric Heating Coils Combined with Gas-Fired Warm Air Perimeter System ..... August 118
Heat Source for Tomorrow's Heat Pump to be Solar Energy? ..... May 117; August 91
Heat Transfer in Steam Heating Systems Improved by Filming Amine Inhibitors .. .. March 97
Heat Transfer of Five Cooling Tower Packings Compared by Tests ..... April 143
Heat Transfer Petroleum Fluids For Snow Melting Systems, How to Use ..... December 123
Heat Transfer, Too Many Fins Can Bottle-Neck ..... February 103; July 84
Heat, Ventilate New High School Campus Many Different Ways .... March 95; May 95
Heat, Ventilate Six-Building Campus with Prefab Radiant Panels, Packaged Units ..... October 121
Heater, Hangar Door, Speeds Executive Flights ..November 40
Heater, Portable, Speeds Production of Pilot-Plant Drugs ..... February 42
Heater Systems, Return Air, Buck Quick, Extreme Weather Changes in Alaska .... June 128
Heaters, Direct Fired, for Winter Makeup Air Supply, How to Apply ..... April 163
Heaters, Direct Fired, How to Apply ..... March 138
Heaters, Direct Fired, How to Design Fuel Oil Piping Systems for ..... July 130
Heaters, Direct Fired, How to Design Gas Piping Systems for ..... August 138
Heaters, Unit, Automatic, Defrost Giant Cross-Country Relay Antennas ..... April 47
Heaters, Water, Gas-Fired, Standard Approved .... June 51
Heating, Comfort, Infrared, What Do We Know About it? ..... November 133
Heating, Cooling Plush Apartment Is Achieved Through Flexibility of Fan-Coil Units ..... May 90, 91
Heating Costs Not Increased for Plant Makeup Air Supply June 132; August 92; October 91
Heating, Freezing, Snow Melting Accomplished with Pipe Grids ..... September 43
Heating Fuels, Selection of ..... February 114
Heating Greenhouse by Warm Air Duct Radiant System ..... December 42
Heating, High Temperature Hot Water, End Use Heat Exchanger, Selection and Control ..... June 167; July 81
Heating, High Temperature Hot Water, System Design ..... January 221; March 96
Heating, Hot Water, Design to Get the Most Out of ... April 138
Heating, Hot Water, Fundamentals ..... February 86
Heating in New School to Have Four Zones ..... March 39
Heating, Panel, Bulletin Available from the University of Illinois ..... February 44
Heating Plant Steam Metering,

Billing Procedures Pay Off at U. of C. ....January 148
Heating, Radiant Floor Panel System, Serves Large Hospital ....January 70
Heating, Radiant, Infrared, High Intensity ....February 83
Heating Research Center With Steam, Hot Water, and Warm Air Serves Complex Needs ....November 114
Heating School Job Shows: Vacuum Steam + Outdoor Reset = Simple, Reliable Heating Control ....July 97; September 85
Heating, Steam, Systems, Corrosion Controlled, Heat Transfer Improved by Filming Amine Inhibitors ....March 97
Heating System Operation and Maintenance Improvement Methods Discussed by Air Force Engineers ....September 141; November 99
Heating Tall Buildings, Flexible Connectors Cut Installation Costs ....March 118; June 107
Heating, Ventilating Systems Unique for Ultra-Modern Engine Plant .... May 99; August 93; November 102
High Intensity Infrared Radiant Heating ....February 83
High Temperature Hot Water End Use Heat Exchangers, How to Select and Control ....June 167; July 81
High Temperature Hot Water Heat Exchangers, How to Select and Control ....June 167; July 81
High Temperature Hot Water Heating Systems, What to Consider When Designing .. ....January 221; March 96
High Temperature Hot Water Heats New Industrial Campus ....June 51
High Temperatures Hot Water-to-Steam Converters, How Should Relief Valves Be Sized? ....August 96; October 100, 104
High Velocity Ducts, What's the Best Way to Join? ....January 154; February 88, 92
Hood Problem Solved by Plastic Duct System ....March 39
Hoods, Exhaust, Air Flow Rates from, May Be Found by Nomograph ....June 161
Hoods, Exhaust, How to Determine Air Flow Through Half-Cylinder ....July 123
Hoods, Exhaust, How to Determine Air Flow Through Quarter-Cylinder ....August 123
Hospital Heated by Radiant Heat Floor Panel System ... .January 70
Hospital Laundry Waste Water Supplies 18 Million Btu's ... .November 44
Hotel Guests Choose Their Own Comfort Through Three-Pipe System ....April 117
Hot Water Heating, Design to Get the Most out of ..April 138
Hot Water Heating Fundamentals ....February 86
Hot Water, High Temperature, Heating System Design ....January 221; March 96
Hot Water Pressure Control May Be Achieved by Direct Throttling ..May 132; October 95
Hot Water, Steam, Warm Air Serve Research Center's Complex Needs ....November 114
Hot Water System, Vertically Zoned, Heats 40-Story Apartment Building ....April 128
Humidity, Temperature Demands Served by Built-Up System ....April 107; July 82
Hutchinson, A. V. — Died June 6 at Stockwell, Ind. ....July 41

I

ICBM Bases Use Packaged Air Conditioners ....February 43
Ice Rink Melting Controlled by Zone Piping System ..March 40
Imports of Steel Mill Products Exceed Exports in 1959 ..May 41
Improper Ventilation Scores, Highest in Plant Engineer's Problem Poll ....July 105
Individual Condensing Units Answer Co-op Apartment's Cooling Riddle ....June 140
Induction Unit Systems When Changeover Point Is Subfreezing, How to Operate .. May 137; June 163; August 91, 92
Industrial Air Conditioning Can Pay Production Dividends ....September 234
Industrial Campus Heated by High Temperature Hot Water ....June 51
Industrial Environment Studies Available ....February 44
Industrial Exhaust Systems Need Makeup Air Supply .October 146
Industrial Solvent Dilution, How to Find Proper Air Flow Rate ....December 133
Industrial Ventilation: Plant's Revamped Supply Air System Gives Workers Year 'Round Comfort ....January 107; February 83, 84; April 105
Inert-Gas Tungsten-Arc Pipe Welding Extended by Consumable Insert Ring ....February 85
Infrared Comfort Heating, What Do We Know About? ....November 133
Infrared Radiant Heating, High Intensity ....February 83
Infrared Thawing Installation Planned for 10 Cars ....November 43
Infrared Thaws Hopper Cars, Saves Time and Expense .. ....September 41
Instrument Society to Feature Papers on Control Valve Problems ....May 38
Insulate Air Conditioning Ducts with Notched Sheets ..March 128
Insulation Solves Rubber Processing Plant Condensation Problem ....February 45
Integrated Lighting, Cooling Shown to Be Trend in Building Design ....October 113
Intent Should Agree with Contract Wording ....January 182

K

Kitchen, Large Cafeteria, How Should I Ventilate? ....April 108; May 94; June 116, 118, 120; August 93

L

Lab Needs Artificial Weather ....August 135; September 83
Laundry Waste Water Supplies 18 Million Btu's to Hospital ....November 44
Length Standard Adopted by World ....December 40
Liable for Fitness of Equipment Without Express Warranty, Contractor May be ...October 145
Liable For Negligent Acts by Your Employees, You Can be Held; Protect Yourself ...May 131
Life Expectancy of HPAC Equipment, What is? .... June 120; August 98
Liquid Chilling Package Standard Available from ARI ....January 68
Lumber and Plywood Industry Piping Practices Pay Off ....October 118
